Aims

Aim of This Course
AI Mastery: From Zero to Freelance-Ready

This course empowers students to understand and use Artificial Intelligence in practical, ethical, and income-generating ways.

Learners will complete real-world assignments, develop a professional portfolio, and get the opportunity to work with brands through project-based internships. We focus on applied skills—content creation, automation, chatbot building, and productivity systems—that can lead to freelancing, remote jobs, or career growth.

Our aim is simple: to help students master AI, build confidence, and create opportunities—no matter their background.

Offered by Urban Academy BD, a next-gen edtech startup focused on future skills, credibility, and inclusion in South Asia.

Skills

Key Skills Covered

Prompt Engineering for ChatGPT & Claude

AI Chatbot Creation (no-code & API-based)

Generative AI for Content, Image, and Video (Sora, Runway, Midjourney)

Company profile

Urban Academy BD – Company Profile
Urban Academy is a next-generation edtech startup based in Dhaka, Bangladesh, founded in 2025. We specialize in delivering practical, career-focused digital skill training—including digital marketing, AI, and product management—designed to meet the demands of the global job market.

Our programs combine live mentorship, real-world projects, and digital credentialing to prepare students not just for certificates, but for income-generating careers. With 400+ students trained, partnerships across Asia and Europe, and recognition initiatives like Open CPD, we aim to democratize access to high-income skills for the emerging workforce of South Asia.

We are proud to support the principles of the Paris Declaration.

Public information

Urban Academy BD, Company Profile
Empowering the Next Generation of Digital Talent in South Asia

Company Overview
Urban Academy is a 2025-born edtech startup based in Bangladesh, on a mission to reshape how digital skills are taught, learned, and monetized across South Asia. Built by a team of educators, technologists, and marketers, we combine Silicon Valley-level innovation with local insight to deliver industry-ready education at scale.

Our core philosophy:

Learning should not just inform—it should transform. It should lead to income, identity, and impact.

We don't just teach skills—we build careers. Through a unique blend of live mentorship, real-world client projects, and AI-driven systems, Urban Academy is preparing a generation of freelancers, marketers, developers, and growth hackers for the future of work.

Founding Year:
2024

Headquarters:

Dhaka, Bangladesh

Legal Entity:
Urban Academy BD . (Registered in Bangladesh)

Our Vision
To become South Asia's most trusted launchpad for skill-based career transformation—bridging the global talent gap from Dhaka to Dubai, Toronto to Tokyo.

Our Mission
Equip students with high-income digital skills

Enable real client experience through internships and project-based learning

Global credentialing backed by OpenCPD UK with support from the Paris Declaration for Recognition Equality.

Team
Founded by Alamin Mumit, a digital strategist, educator, and former ad agency lead, Urban Academy is supported by a lean, multi-disciplinary team of marketers, designers, engineers, and mentors with experience across Asia, Europe, and North America.
Traction Snapshot (as of August 2025)
400+ students trained across 4 batches

International recognition via digital credentialing

50+ internship placements through internal job bridge

Certificate Verification

How we secure your certification?

This certificate has been issued through the Open CPD platform and includes verification features designed to support authenticity, traceability, and trust.

➨ The issuing provider's details are included in the certificate record and can also be checked through the Open CPD system.

➨ Certificate verification is quick and easy through the Open CPD verification system, with no login required.

➨ The certificate record is tamper-proof and secured using Web3 technology.

Membership and Provider Commitments

Providers using Open CPD are required to sign a declaration confirming that they are the legitimate provider of the training, that the information submitted is accurate and not misleading, and that any CPD hours or points fairly reflect the learning activity delivered. Open CPD members also operate under the Open CPD Charter, which sets out shared principles for responsible recognition of learning, including clarity, transparency, ethical representation, and responsible use of verification tools.
