Event Details

Event Title	AI/BI - Democratising Data with Data Intelligence on Databricks	**Event short ID:**	Data Democratisation
Date of Event	22/01/2025	**Expiry date:**	No expiry
Learning Aims	The objective of this session is to teach business and technical attendees on how they can build and enable self-service analytics on databricks		
Key skills	Data Analysis Generative AI Prompt Engineering Data Warehousing		
Outcomes	By the end of this session, attendees will be equipped with the knowledge to build and deploy AI/BI Genie dashboards on data bricks to ask any question of their enterprise data in natural language. Leveraging generative AI and large language models (LLMs), Genie will allow you to have a conversation directly with their data without the need to learn BI or SQL tools.		
CPD Points/Hours	1		
Conditions

About Open CPD

We are one of the key steps that powers the change in lifelong learning. Training and event providers use our platform to create self-accreditation, issue and share information rich certificates and badges. They are responsible for the content, delivery, and value of these certificates. Open CPD does not verify the content or delivery of any course or event certificate. Instead, we offer the necessary tools and verification technology to make this process quick, transparent, and cost-effective.

Record Keeping

Want to keep a record of all of your CPD achievements in one place? We've partnered with www.CPDMe.Com, offering you a secure platform for your record-keeping. Just click the link to sign up.
