Event Details

Event Title	Women Building Responsible AI	**Event short ID:**	Build Responsible AI
Date of Event	19/11/2025	**Expiry date:**	No expiry
Learning Aims	This session is designed for anyone working with AI technologies, regardless of role, who is interested in advancing ethical, inclusive, and accountable approaches to AI development and deployment.		
Key skills	Attendees will gain insight into the importance of Responsible AI, the roles and disciplines involved, and learn how to apply their expertise to lead and influence AI initiatives that embed ethical principles and reflect diverse perspectives.		
Outcomes	We'll discuss how Responsible AI can drive better outcomes and why this space offers a powerful opportunity for women to lead, influence, and shape the future of this technology. Whatever your role, this session will empower you to see how Responsible AI is an opportunity for innovation and leadership, where you can drive change, challenge norms, and design AI that reflects diverse perspectives.

- Your certificate can be verified on Verify the content of CPD certificates by entering your certificate ID 1320471Y1SI9
- Your training provider is proud of your achievement. Their details can also be verified 132047

About Open CPD

We are one of the key steps that powers the change in lifelong learning. Training and event providers use our platform to create self-accreditation, issue and share information rich certificates and badges. They are responsible for the content, delivery, and value of these certificates. Open CPD does not verify the content or delivery of any course or event certificate. Instead, we offer the necessary tools and verification technology to make this process quick, transparent, and cost-effective.

Record Keeping

Want to keep a record of all of your CPD achievements in one place? We've partnered with www.CPDMe.Com, offering you a secure platform for your record-keeping. Just click the link to sign up.
