Course Details

Title Course	UK GDPR & DUAA 2025 Training for UK Accountants	**Course short ID:**	UK GDPR-Accountants
Date of Course	17/06/2026	**Expiry date:**	No expiry

Aim of Course

The aim of this comprehensive training is to equip accountants with practical, in-depth knowledge of **UK GDPR and DUAA 2025**, enabling them to understand their compliance responsibilities, correctly process client data, and implement data protection requirements within an accounting practice.

The course focuses on real-world implementation, organisational compliance, and regulatory expectations following the DUAA reforms.

Key skills

- **Personal data breach management** – assessment, notification and record-keeping
- **Lawful processing** of client, employee and financial data within outsourced accounting services under **UK GDPR**
- **Building** and maintaining **UK GDPR** & DUAA-**compliant documentation**
- **Audit** readiness and preparation for ICO enquiries
- Internal communication and **staff data protection training**

Key outcomes

By the end of the course participants will be able to:

- apply **UK GDPR and DUAA 2025** requirements when providing accounting services
-prepare and maintain compliant data protection documentation for an accounting practice
-manage DSARs, complaints and ICO enquiries with clear evidence

Conditions

Certification is conditional upon attendance at the training session and active participation in practical exercises based on UK GDPR and DUAA documentation provided during the course.

Congratulations on Your Achievement!

"In a world of constant change, let your lifelong learning leave enduring footprints."
- Marta Kalas, Founder, Open CPD

You've reached a significant milestone in your professional journey by completing this course. Remember, every course you complete builds not only your expertise but also your ability to adapt and thrive in an ever-changing world.

What's Next?

- Share Your Success: Proudly display your certificate on LinkedIn, Facebook, or other social media to showcase your commitment to professional growth.
- Continue Your Journey: Explore further courses and opportunities. Continual learning is the key to ongoing success.
- Stay Connected: Join our community of continuous learners. Participate in forums and discussions to gain insights and share your experiences.

How we secure your certification?

Your certificate is a testament to your dedication and hard work. Keep it in a safe place and refer to it as you progress in your career.

- Your certificate is tamperproof and secured by Web3 technology
- Your certificate can be verified on Verify the content of CPD certificates by entering your certificate ID 525146MGE1V2
- Your training provider is proud of your achievement. Their details can also be verified 525146

About Open CPD

We are one of the key steps that powers the change in lifelong learning. Training and event providers use our platform to create self-accreditation and create and share information rich certificates and badges. The responsibility for the content, its delivery, and the value it offers lies with the content creators themselves. We simply provide the tools and verification technology to make this process fast, transparent and cost-effective.
