Event Details

Title of Event	AI Under the Microscope: Assessing AI Systems	**Course short ID:**	Assessing AI
Date of Event	28/08/2024		
Aim of Course	The objective of the session is to provide examples of how AI systems can fail, some of their vulnerabilities and risks associated with their use and provide the attendees with an awareness of these issues through case studies and walkthroughs. This session will also include a walkthrough of FTI's AI Assessment framework, enabling participants to understand how to better assess AI systems as part of their role or in any other sphere, thereby enhancing their ability to effectively identify and communicate these risks.		
Key skills	AI assessment framework, Understanding how to measure an AI system performance, Understanding risks associated with the use of AI		
Key outcomes	This session will equip the attendees with a framework of how to perform an end-to-end assessment of an AI system and measure their performance. FTI will also present examples of their own AI offerings and how they would tackle different AI system risk/failings and their learnings.

Congratulations on Your Achievement!

"In a world of constant change, let your lifelong learning leave enduring footprints."
- Marta Kalas, Founder, Open CPD

You've reached a significant milestone in your professional journey by completing this course. Remember, every course you complete builds not only your expertise but also your ability to adapt and thrive in an ever-changing world.

What's Next?

- Share Your Success: Proudly display your certificate on LinkedIn, Facebook, or other social media to showcase your commitment to professional growth.
- Continue Your Journey: Explore further courses and opportunities. Continual learning is the key to ongoing success.
- Stay Connected: Join our community of continuous learners. Participate in forums and discussions to gain insights and share your experiences.

How we secure your certification?

Your certificate is a testament to your dedication and hard work. Keep it in a safe place and refer to it as you progress in your career.

- Your certificate is tamper proof and secured by web3 technology
- Your certificate can be verified on Verify the content of CPD certificates by entering your certificate ID 132047U6TIGC
- Your training provider is proud of your achievement. Their details can also be verified 132047

About Open CPD

We are one of the key steps that powers the change in lifelong learning. Training and event providers use our platform to create self-accreditation and create and share information rich certificates and badges. The responsibility for the content, its delivery, and the value it offers lies with the content creators themselves. We simply provide the tools and verification technology to make this process fast, transparent and cost-effective.
