Course or Event Overview

This page provides the key verified details recorded for this accredited course or other CPD activity.

Course Title	Beyond Policies: Data Governance That Works		
Course name on badge	Practical Governance	**CPD Hours or points awarded**	1
Training or Completion date	03/11/2026	**Expiry date (if applicable)**	No expiry
Delivery Type	Webinar	**Assessed**	No

Aims

To help attendees understand how effective Data Governance enables trusted decisions, clear accountability, better data quality, and practical business outcomes beyond compliance.

Skills

- Applying risk-based thinking to data decisions
- Identifying and addressing data governance challenges
- Building confidence in data-driven and AI-enabled decision-making

Outcomes

Having completed this session, you will be equipped with the knowledge and practical understanding of how Data Governance creates real business value beyond policies, frameworks and documentation. You will explore how effective governance enables trusted decision-making through clear accountability, risk-based controls and data quality management. The session will demonstrate why governance is ultimately about improving outcomes, changing behaviours and enabling confident use of data, particularly in an increasingly AI-driven world.

Certificate Verification

How we secure your certification?

This certificate has been issued through the Open CPD platform and includes verification features designed to support authenticity, traceability, and trust.

- The certificate record is tamper-proof and secured using Web3 technology.
- Certificate verification is quick and easy through the Open CPD verification system, with no login required.
- The issuing provider's details are included in the certificate record and can also be checked through the Open CPD system.

Membership and Provider Commitments

Open CPD members operate under the Open CPD Charter, which sets out shared principles for responsible recognition of learning, including clarity, transparency, ethical representation, and responsible use of verification tools.

Providers using Open CPD are required to sign a declaration confirming that they are the legitimate provider of the training, that the information submitted is accurate and not misleading, and that any CPD hours or points fairly reflect the learning activity delivered.

About Open CPD

Open CPD provides the framework and technology used by training and event providers to create, issue, and verify certificates and digital badges. Open CPD does not deliver the training itself. Responsibility for the learning content, delivery, assessment, and learner outcomes remains with the issuing provider.
